

# HerBoy – Privacy Policy

The data controller of the website available at <https://www.herboyd2.hu> (hereinafter referred to as the "website") takes all necessary measures to safeguard the personal data of registered users.

The data controller processes the personal data of registered users (hereinafter referred to as "Users" or "User") to facilitate the provision of services on the website, enable access to the website and associated game servers, and operate security features designed to protect user data. Only personal data that is essential for these services is processed, and such data is handled solely to the extent and for the duration necessary

## Scope of Individuals Affected:

- Registered users
- Visitors to the website

## Consent to Data Processing:

- Users explicitly consent to the processing of their voluntarily provided personal data during the registration process. This consent may be given via the website or the game server.

## The scope of data processed includes:

- Username
- Password
- Email address
- IP address
- Steam ID

## Purpose of Data Collection:

- Creation of user accounts.

## Authorized Personnel for Data Access:

- The Data Controller

## Duration of Data Processing:

- The storage of personal data ceases upon the deletion of the respective user account. (This occurs after one year of inactivity.)

## Information on User Rights:

- **Right of Access:**  
The User has the right to obtain confirmation from the data controller regarding

whether their personal data is being processed. If such processing is taking place, the User is entitled to access their personal data and the information specified in the applicable regulations

**Right to Rectification:**

- The Client has the right to request the data controller to correct any inaccurate personal data without undue delay. Taking into account the purpose of data processing, the Client is also entitled to request the completion of incomplete personal data, including through the submission of a supplementary statement

**Right to Erasure:**

- The Customer has the right to request the immediate deletion of their personal data, and the data controller is obligated to delete the Customer's personal data without undue delay, provided that certain conditions are met.

**Right to be Forgotten:**

- If the data controller has made personal data publicly available and is required to delete it, they will take reasonable steps — including technical measures — considering the available technology and the cost of implementation, to inform other data controllers processing the data that the User has requested the deletion of links to the relevant personal data or copies (including duplicates) of such data

**Right to Restriction of Processing:**

- The Customer has the right to request the data controller to restrict processing if any of the following conditions are met:
- The Customer disputes the accuracy of personal data; in this case, the restriction applies for the duration necessary to allow the data controller to verify the accuracy of the personal data.
- The processing of personal data is unlawful, and the Customer opposes the deletion of the data, requesting instead the restriction of its use.
- The data controller no longer requires the personal data for processing purposes, but the Customer needs it for the establishment, exercise, or defense of legal claims.
- The Customer has objected to the processing of personal data; in this case, the restriction applies for the period necessary to determine whether the legitimate grounds of the data controller override the legitimate interests of the Customer.

**Right to Data Portability:**

- The Customer has the right to receive their personal data, which they have provided to a data controller, in a structured, commonly used, and machine-readable format. Furthermore, the Customer has the right to transmit this data to another data controller without any hindrance from the original data controller to whom the personal data was provided.

**Right to Object:**

- The Customer has the right to object, at any time and for reasons related to their particular situation, to the processing of their personal data, if such processing is based on the legitimate interests of the data controller or its public authority nature.

### **Objection to Processing for Direct Marketing:**

- If personal data is processed for direct marketing purposes, the Customer has the right to object at any time to the processing of their personal data for this purpose, including profiling, insofar as it is related to direct marketing. If the Customer objects to the processing of their personal data for direct marketing purposes, their personal data can no longer be processed for this purpose.
- The right to deletion of the Customer's data does not extend to mandatory data processing regulated by other laws, such as the retention of invoices.

### **Personal Data Management:**

- The User can view and modify their stored personal data on the website after logging in.
- The User can request the deletion of their stored personal data via email through the contact details provided by the Data Controller. The Data Controller is obligated to act on this request within 48 hours.

### **Children's Online Privacy Protection:**

- Our content is intended solely for individuals over the age of 16.
- The services provided on the website are aimed at the general public and are not directed towards children under the age of 16. We do not create content specifically for this age group, nor do we knowingly collect their personal data. We kindly request that individuals under the age of 16 refrain from using the website's services and from providing their personal data to us.
- We ask the legal guardians of children under 16 to immediately contact us and request the deletion of any personal data if they become aware that such a child has provided their personal information to the website.

## **COOKIES**

### **Logging:**

- The website generates log files after each login. These files contain information such as the user's IP address, the location of internet usage, and the time of the visit. This data is collected to enhance data security.

### **External Websites, Third Parties:**

- The Data Controller's business partners (e.g., Google Inc.) may use technologies such as cookies and web beacons for advertising and statistics, which collect information including visitors' IP addresses, the names of their internet service

providers, the location of internet usage, the names of browsers in use, the time of the visit, and the titles of subpages viewed on the website.

**Further Information:**

- For any additional inquiries, the Data Controller can be contacted through the provided contact details.
- The owner of <https://herboyd2.hu> is authorized to establish and modify the Policy.
